

COMPETE INDIA ZONE

AN ENGINEERING ENTERPRISE BY IITians

New Changes in ESE - 2019

- ESE examination will be conducted in 3 stages:
 - Preliminary
 - Mains
 - Personality Test

- Traditional subjects like:
 - Geography
 - Life Science
 - Polity

are eliminated and replaced by Engineering Aptitude and Engineering related subjects like Engineering Mathematics, Design principles, Quality practices in production and construction, Energy and Environment, Project Management, Networking, e - Governance, Ethics and values in engineering profession etc.

- English is eliminated from General Studies paper.
- 15% - 25% changes in technical syllabus.
- Preliminary exam may be conducted in February and Mains exam may be conducted in June/July.
- More weightage is given to conventional papers i.e. 600 marks, in previous pattern it was 400 marks.
- Technical Objective paper will be of 300 marks, in previous pattern it was 400 marks.
- Only one technical objective paper will be conducted in preliminary stage, in previous pattern there were 2 papers (paper - 1 and paper - 2) in objective part.
